

Dear Club Members,

We are so very pleased to be offering our Learn to Sail Program this year. However, with it comes legislative requirements for COVID-19 Safety Protocols. We have tried to keep the process simplified for CLUB MEMBERS to access the compound during the Mon-Fri 8:30-4:30 timeframe.

Please help us maintain our safety requirements by doing the following:

1. ONLY CYC Club members may enter the compound during LTS sailing hours (Mon-Fri 8:30-4:30).
2. Enter at Gate A (main entrance off the parking lot).
3. On the table at the entrance you will see a clipboard, the cover sheet of which will say CYC Members ONLY.
4. Next page down- COVID screener questions. This is the honour system. IF you can answer NO to all questions, you may enter the compound. (No need to physically fill out the screener.)
5. Next page down - you must complete all sections of the COVID Log before entering the compound. If a family member is accompanying you - their names need to be in the log as well.
6. Use the hand sanitizer provided and if students are in the compound, please wear a mask.
7. Because we have to clean high touch surfaces, if you can avoid touching numerous surfaces around the club house and compound we would be very grateful for the help.

COME ON IN and thanks so much for your assistance and co-operation in keeping all of our young sailors and staff safe.

Grahame Richardson
Director LTS, Rear Commodore
